Warranty upgraded to 3 year parts & labour (subject to manufacturers' availability)	85.00	99.88

Delivery for all new computer systems is normally within five working days of receiving & clearing your deposit / full payment funds. Where special parts or equipment are required then delivery will vary according to the manufacturers' delivery dates to us

**A 70% deposit (including V.A.T.) is required at the time of confirming your order to us**  
**The balance is due after delivery and commissioning**

\* Please note that our warranty excludes labour or parts relating to software compatibility issues such as encountered with different program versions or for Internet related problems involving modems, routers, telephone line or ISP faults which are not specifically associated with equipment we have supplied

After your warranty period ends we continue to provide full backup for our computer systems and associated products  
 Call-outs to system problems, planned maintenance and on-line support by e-mail or telephone are available as required and are charged for when not covered by warranty

When repairing or upgrading computers it is the customer's responsibility to provide original software CD's and licence numbers to enable us to install onto the new equipment; if these are not available or the programs are incompatible with equipment being supplied we will quote separately for the items required before supplying.

Before disposing of old computer systems please talk to us about cleaning out your personal data, removing old programs and tidying the system before it leaves your possession

All support work is carried out with due care and discretion and on very favourable terms
